Customer Reviews

If you have to go to work tomorrow, don't open this book after 10 p.m. You may be awake 'til the a.m. hours! These crostics are challenging and fun for the word puzzle lover who likes to go a step beyond crosswords to solve a quote and author puzzle. There are even a few cryptic acrostics - a triple treat!

The pages were not scored (as stated in the book), and they cannot be torn off as the puzzles are finished, without ripping them out. Also, the print is extremely small and sometimes hard to read.

I love the crostics in this book! They're hard enough to keep me engaged, but I rarely have to give up on one of them. My only complaint is that the print of the text is often not clear enough for me. Numbers like 6 and 8 aren't clear, and letters like Q and O are hard to distinguish--so I have to be extra careful when doing the puzzles. They are challenging and interesting enough to keep me involved regardless of the printing difficulties.

Not very happy with the format of this book. Numerous pages are blurry and the font is way too small. I prefer Dell Acrostic but wanted to try something new. What a disappointment!!! I will not

purchase again.

I was so excited to have a whole book of crostics but this seems to be written for people who know lots of specific British history and literature! I've got a post-graduate degree but still had to give up on almost all of the clues - I guess next time I'll pay more attention to where a puzzle book originates.

I love crostics and challenging ones are really hard to find any more, so I was delighted when I saw this, which I guess is out of print now. It came promptly and in great shape. Very happy with my purchase.

I enjoy all my acrostic books. When I was very sick many years ago, they saved my sanity. I would sit at my kitchen table. In the middle of the night and do my acrostics until I could take my next pain medicine. You have no idea how much they helped.

I received this book today and saw a \$10 price on the cover. I was charged \$23.95! Also, it says on the cover, "Easy to use perforated pages". Not true. I tried to carefully remove a page and it tore off raggedly. Now I guess I cannot return it. I noticed the clues are very difficult, and I've been doing crostics for years. I feel like I was scammed and lied to. I made a \$23.95 mistake, (plus inflated postage charges).. I will never buy another product from Simon & Schusters again!
