# Downton Abbey Script Book Season 2

## Synopsis

The full scripts of award-winning *Downton Abbey*, season two including previously unseen commentary from Julian Fellowes. Opening in 1916, as the First World War rages across Europe, Season Two is the next dramatic installment of the much-loved, award-winning drama. The Crawley family and their servants play their parts on the front line and back at home as their lives are intensified by the strains of war. The shooting scripts give a fascinating view of how Julian Fellowes weaves his storylines of love, loss, and betrayal to captivate the audience. With key insights into the research and creative processes, this will appeal to fans and students alike.

## Customer Reviews

I couldn't be happier with this purchase. Not only does it add facets to the *Downton Abbey* production, it shows how the show moves from words on the page, through actor's interpretations, through director's management to the final product. Also you get to read the bits that were cut or changed from the script for whatever reason, and that is like a peek on set!!!!

I have the script books for both Season 1 and Season 2 now...am so eager for Seasons 3 and 4...it's agony that it seems to take so long to get them published and on the market!!! If you love *Downton Abbey*, you will love having these creative scripts to watch its evolution as it unfolds on screen!

I am so glad I got this because I couldn't understand some of the phrases. I just WISH the show/script had deleted a lot of the Ethel story, quite boring and they could have included more of Matthew and Mary. The photo in the Script shows Matthew outside the train window with his military hat in the air - WE NEVER SAW THAT. Too much of that Ethel story, in fact, I skip over that in the Script and I fast forward on the DVD. Can't stand that story or the actress Amy.

I love the script books. You can read the entire series and know what the actors are saying if you miss something during the show. Mr. Fellowes had footnotes that are very interesting. He tells how the scenes were setup, shot and why he can to the conclusion of each set and story line. Must reading for the die-hard Downton Abbey fans. I recommend books 1 and 2 also.

Julian Fellowes is a complex person who is so in touch with dynamics in his own life that he is able to project hard choices in his characters' lives. He also knows the history of his nation so well that he can put actors into gripping, realistic circumstances. This script, with commentary that illuminates Fellowes' choices, is a personal writing course for me.

Magnificent reading! To have the time to read and re-read those brilliant lines is the most precious treat. Plus to get the background on why a scene was done a certain way, the history, is beyond words for this reader.

As fascinating and rewarding as the script book for Series/Season 1. Fellowes' insights into why he wrote things a certain way or why things were changed in specific ways is invaluable. Aficionados and scholars alike will enjoy this volume.

My husband has been wanting to read a "script" forever so this one fit the bill. I ordered several months ago and delivery date was postponed several times, but was delivered today! Whew!
