I need this book for my forensics class coming up in two weeks--I thought it would be best to order it in advance so I can get a head start on any readings we may have. This book came quickly and is in perfect condition! I haven't found any flaws yet--not even any highlighting. Job well done!

I'm glad my professor the Honorable Professor Joseph chose this book for us to learn from. It is easy reading but the depth accomplished in the words used is amazing. got it to me in great timing and I appreciate AND the author of this book.

Great Condition!! And it was amazing the way the packaging came in, it felt like I just bought a brand new book!! It even had the fresh new book smell, unless they bought a type of spray lol if they did then I would want that as well. Other than that the book was in great condition. LOVED IT!

Loved this book, not boring in the least, great pictures and data, very modern, highly recommended for any students interested in criminal justice!

as a first time renter of book on i got to say i was pleased with the product. i expected it to be torn and beat up. but it was the opposite of that. only had minor wear. but in great almost new condition.

I needed this book for an upcoming class. It is a really helpful book and explains things clearly. Came with some writing inside it, but that was even surprisingly helpful.

It's a helpful book. It really meets my requirement..

Page 56 states that an example of a mala prohibita crime is embezzlement. This is incorrect as embezzlement is a form of theft. A better example of a mala prohibita crime would be a noise ordinance violation. Also, this book is offensively biased. I have a B.S. in Criminology, Law and Society, am experienced in the criminal justice field, and am in law school. I have never read such propaganda from a "text book." I cannot believe a professor would select this book for a criminal justice class.
