# The Argentina Reader: History, Culture, Politics (The Latin America Readers)

## Synopsis

Excessively European, refreshingly European, not as European as it looks, struggling to overcome a delusion that it is European. Argentinaâin all its complexityâhas often been obscured by variations of the "like Europe and not like the rest of Latin America" clichÃ©. The Argentina Reader deliberately breaks from that viewpoint. This essential introduction to Argentinaâs history, culture, and society provides a richer, more comprehensive look at one of the most paradoxical of Latin American nations: a nation that used to be among the richest in the world, with the largest middle class in Latin America, yet one that entered the twenty-first century with its economy in shambles and its citizenry seething with frustration. This diverse collection brings together songs, articles, comic strips, scholarly essays, poems, and short stories. Most pieces are by Argentines. More than forty of the texts have never before appeared in English. The Argentina Reader contains photographs from Argentinaâs National Archives and images of artwork by some of the countryâs most talented painters and sculptors. Many selections deal with the history of indigenous Argentines, workers, women, blacks, and other groups often ignored in descriptions of the country. At the same time, the book includes excerpts by or about such major political figures as JosÃ© de San MartÃ­n and Juan PerÃ³n. Pieces from literary and social figures virtually unknown in the United States appear alongside those by more well-known writers such as Jorge Luis Borges, Ricardo Piglia, and Julio CortÃ¡zar. The Argentina Reader covers the Spanish colonial regime; the years of nation building following Argentinaâs independence from Spain in 1810; and the sweeping progress of economic growth and cultural change that made Argentina, by the turn of the twentieth century, the most modern country in Latin America. The bulk of the collection focuses on the twentieth century: on the popular movements that enabled Peronism and the revolutionary dreams of the 1960s and 1970s; on the dictatorship from 1976 to 1983 and the accompanying culture of terror and resistance; and, finally, on the contradictory and disconcerting tendencies unleashed by the principles of neoliberalism and the new global economy. The book also includes a list of suggestions for further reading. The Argentina Reader is an invaluable resource for those interested in learning about Argentine history and culture, whether in the classroom or in preparation for travel in Argentina.

## Book Information

Series: The Latin America Readers

Paperback: 600 pages

Publisher: Duke University Press Books (December 25, 2002)

Language: English

[Americas > South America > Argentina](#) #96 in [Books > Textbooks > Humanities > History > Latin America](#)

## Customer Reviews

This is a nice collection of historical work, including speeches, articles and poetry. The work is structured chronologically and most pieces are written by historical Argentine figures including Juan Peron, Jose de San Martin, Juan Manuel del Rosas, etc. But also folks like Che Guevara, Charles Darwin, and the National Commission on the Disappearance of Persons. Nicely done with excellent historical preambles for each Chapter and introductions for each article. The downside is at 580 page this is a rather weighty tomb and not great for the plane, more a beside reference. Excellent for those wanting a different, eclectic spin on Argentine history.

Got this for a trip to Argentina last summer & was very glad I did. Very readable & logically organized w/ diverse entries, helped bring me up to speed on the basics of Argentina w/o having to read some long academic tome.

A good reader. It has a good mix of material about Argentina. It's not something you sit and read cover to cover, but it's got an interesting collection of materials. Nicely bound as well.

'Was a great resource for a course on Argentina that I took at the Newberry Library in Chicago.
