some good insights, but repetitive and geared more toward a law school student than toward a practicing litigation paralegal. also, quite pricey compared to earlier editions that are still available online. not sure if the updated information is worth the updated price tag.

As a law student, this is one book to hold on after the research/writing class. I will be using this book for a long time in other classes.

I am using this for my advanced legal research summer course. It is extremely clear and helpful. Thanks for such a great book!

Good book. I bought it for a paralegal class. I would recommend it for anyone getting into the legal

field.

Great book, easy to search the text on kindle search.
