## Synopsis

Born in Ponce, Puerto Rico, on the island's southern coast, Don Pedro was the most uncompromising fighter for Puerto Rican independence of the 20th Century, spending two decades behind bars for his activities. Albizu Campos was arrested on several occasions for advocating and organizing violent uprisings against the occupying power. During his final incarceration, which lasted from 1954-1964, Don Pedro's health deteriorated badly, which he claimed was a result of his being the guinea pig in unauthorized experiments on the use of radiation. These accusations have since been found to have basis in fact.

## Book Information

Paperback: 24 pages

Publisher: CreateSpace Independent Publishing Platform (November 28, 2012)

Language: English

ISBN-10: 1481118285

ISBN-13: 978-1481118286

Best Sellers Rank: #394,278 in Books (See Top 100 in Books) #307 in [Books > History > Americas > Caribbean & West Indies](#)

## Customer Reviews

Can't really express how disappointed I was with this purchase when it arrived. Foolishly I bought this without reading the reviews before hand so I only have myself to blame. This pamphlet is truly pathetic and the sheer laziness and cynicism in it's production is something to behold. The publication consists of four short (and I mean short!) paragraphs of a biography on Pedro Albizu Campos and the text of two of his speeches. I presume they are his speeches as the pamphlet doesn't say where or when the speeches were delivered or even if he delivered them. The last three pages are six pictures pulled from Google Images. I'd also ordered Denis Nelson's War against all Puerto Ricans so the delivery from wasn't a complete bust and it tempered my anger and disappointment somewhat. This pamphlet reads like the sloppiest school report delivered by the worst student in the class. An utter disgrace from the publisher.

After reading this short but very lucid, straight-forward book on the thoughts and ideas and history

as written by Don Pedro Albizu Campos was a true eye opening experience. It is still as true then as it is today- colonialism is still a fact for the islanders. But real independence is still hard to accept as a possibility since our mutual economies are so tied together. We must be brave enough and determined enough to stand strongly together and press for a complete separation with the economic ties holding firmly and wisely for the betterment of both sovereign nations. This book is a small revelation and I recommend it to be read by anyone who believe in freedom of sovereignty by one nation to another possible nation.

Quien piense que va a obtener un libro lea bien. Es un simple panfleto de 28 páginas, 6 de las cuales están en blanco. Hay muchas mejores fuentes por apenas unos dólares más. Whoever thinks is going to get a book read again. This is a 28-page pamphlet, 6 of which are blank. There are much better sources for scarcely a few dollars more.

This isn't a damn book that would educate me on my patria, this is a high school student's weak attempt at putting together a school project for a class that he was forced to take. The thing is not even a book for Christ's sake.

this booklet gives a brief history of Campos' life and ideals. Liked its brevity and unvarnished opinion of the Puerto Rico-US relationship. I would recommend this booklet to anyone wanting to understand the Puer Rican culture and its people.

I bought this book thinking that this was an essay or something like that written by Pedro Albizu Campos. He was just mentioned at the beginning. I doubt that Albizu authored this book.

Facts about the life of Pedro Albizu Campos are accurate. Little known information about this intelligent patriot, dispels with the myths told about this figure.

Excellent exposition hidden by the imperialist press that feel in its comfortable place of continuing propagating lies and confusing information so as to perpetuate the gross abuse against our good citizens.
