Synopsis

Learn How To Get STRAIGHT Hits In The Pick 3 Game! Win \$500 Over and Over Again! Welcome to Volume 2. In this Volume I will explore in more detail the straight number system that I introduced in Volume 1. Customer Reviews

In volume 2, the author provides a wealth of information and interesting ideas with up to date examples, hereby adding more ammunition to your playing ideas. Two of the best strategies, namely the super 6 and the month to month hottest pairs are particularly worth taking a look at. In my view, the book will have a positive impact on your playing strategies. Jean C Dominique

I played my first game of pick 3 a little less than a year ago, and I've been hooked ever since. I didn't imagine all the strategies and "systems" out there that promise to get you that "hit." I've purchased many books and magic bullet "systems, and learned some good things, but the most important thing I've learned is that there is no magic bullet. With "Pick Three Lottery," and the other AA New York titles, you won't pay a lot of money for a lone miracle "system." What you will learn is valuable information and strategies that will have you playing the game smarter and better so you can get those hits. What Anthony has to offer is what he has learned over many years. And mind you he hasn't simply just played numbers, this man wanted to uncover or devise ways that would get him closer to nailing the winning number---resulting in his smart Reference Box and Game

Index, plus more tools that will help you narrow down the field, so you can get that hit. What will help you win in this game is simply using the facts and history to your advantage. In this book, he tells how you can hit a number straight --history repeats! I followed the steps, and less than a week later, I indeed got that straight and pocketed a nice \$450! All I had to do was look at past draws to find what numbers to play. I am very glad to have these books. They are concise and full of great information and strategies. Start with Volume 1, and I think you'll have to get Volume 2...

After reading volume one (and wining of course) I needed to get the volume two. I could not wait to see what was new. As I mentioned on my review of the first volume, Anthony is always improving his programs. Volume 2 shows just that with his new Super Six and the Straight matching programs. They are the best so far. He is a true Pick 3 guy; there is no match for him. He is always improving. If you are ready to win this game, you must follow his blog and read his books (both Volumes) . Good luck!! Below is my winning ticket using the Super six strategy!

AA goes all out to make sure that his secrets are easily implemented. This book is holding your hand while showing you new ways to think outside the box. So many hidden jewels. The information in this book is priceless.

This is the best and easiest Pick 3 System I have ever used. This is unlike anything you've ever seen or even heard of. This is a simple yet tremendously effective straight number system. It gives you consistent wins...and that you can take to the bank. I am a member of his pick 3 program. Anthony is always improving and growing his systems. He is a Master at the Pick 3 game. With his expertise you are no longer a gambler but a serious strategist who enjoys winning.

Wow, I have purchased Volume 1 and Volume 2...plus the cheat sheets and have learned a lot. If you follow the author's instructions you will HIT!!!! I've already hit twice and yes, I asked a lot of questions along the way. AANewYork is a great coach and will answer any questions you may have in a timely manner.

Great matterial as AANewYork is known to produce! Written in a way that is easy to understand and most importantly will make you money if you follow through with action on what he is teaching! Many have tried his systems (myself included) and have found ourselves ahead of the game in knowledge and profits. You won't be disappointed with this buy. The numbers speak for themselves!

Anthony has done it again this book right here will make you money even if you are new to the pick3 game the straight number system is amazing definitely profitable so like I tell everyone nothing ventured nothing gained give this book a try you will have a lifetime pick3 coach!
