Customer Reviews

I did not use this book too much because my professor focused a lot on Florida Law. But the parts that I did use were very helpful. If your course is common law based, then you should use this book, it's so helpful when you are outlining and practicing!

This is a really great item to have! It is a very nicely compacted review of family law. The rest of the books in the Emanuel Series, I'm sure, would be very beneficial as well!

Arrived as directed. My son says it is a good help for the 1L year. Will buy other products for other classes.

I love most Emanuel's but this one really wasn't very helpful to me at all. However, it was NOT keyed to my book, so that could have been a major factor leading to this review.

Using this to teach a Family Law Mediation course.
