Daily Fantasy Strategies: Football Edition - The Daily Roto

Synopsis

“Daily Fantasy Strategies – Football Edition” • By Chris Reilly has been released in eBook format and promises to change the experience for Daily Fantasy Players all over the world. It wastes no time in getting to the heart of the matter and offers only the very best tips and advice useful for players of all levels. There is no other book like it in the market and Chris Reilly is very proud to have finally come out with a strategy guide that DFS players have been missing out on for years. Chris Reilly really delivers a 2-2 punch with this release as it is well-written, concise, and choc-full of expert advice and tips that will be of help to players of all levels. A daily player of Daily Fantasy Sports for fun and for profit, he is in a good place to dispense advice to readers. Chris plays professionally but also happens to be the lead journalist for TheDailyRoto.com. He started with online poker but moved into the burgeoning and not-yet-fully established world of daily fantasy sports. In this book, he makes use of his advanced knowledge in sports betting and many years’ worth of fantasy sports experience to deliver a knockout read that truly delivers. “I play on all fantasy sports sites from DraftKings to FanDuel; I also play on smaller start-up sites like StatClash, FantasyAces, and the new Victiv, so you can say I’ve played them all,” said author Chris Reilly when asked about the preparations he undertook before writing the book. Asked why he chose to write a book, he answered “I’ve always had a knack for writing. I mean, I have a communication Degree from Vanguard U plus I’ve already been writing regularly for daily fantasy sports websites so I thought, “Why not collate all my ideas into a book?” He added that fantasy sports was a billion dollar industry and it would be nice for people to have a guide before they jumped head long into the daily fantasy category. The book itself is a testament to Chris Reilly’s expertise, his love for DFS, and his giving nature. DFS has experienced a massive growth in the last couple of years and people have made millions playing in it. This book, “Daily Fantasy Strategies – Football Edition” endeavors and succeeds to bring readers deeper knowledge of strategies to increase the chances of winning. Reading this book, readers will be treated to all the known and unknown aspects and tactics of how to build winning lineups, contest selections, strategies to win, etc. Chris Reilly confesses that he put a lot in this book and wants to make it known that everything in it comes from years of first-hand experience as well as extensive research on his part. He has made sure to make a clear demarcation line where beginners should start and where experts should begin.

Customer Reviews

I just started playing DFS last season, and plugging my way through on my own winning once in a great while but mostly enjoying the entertainment value. Well, after reading this book, I'm quite confident my enjoyment level is going to sky rocket! Very entertaining read and well written! Highly recommended...

I'M PLAYING FANTASY SPORTS FOR OVER 10 YEARS,DFS IS A DIFFRENT TYPE GAME AND THE STRATEGY IS ALSO DIFFRENT AND CHRIS BREAKS IT DOWN IN PLAIN ENGLISH.LETS YOU KNOW THERE ARE RISKS ALSO LETS YOU KNOW HOW TO TAKE THAT RISK WHEN IT IS IN YOUR FAVOR.I PLAYED EVEN BEFORE LOOKING AT THE STRATEGIES IN THIS BOOK.SINCE SEPT OF 2014 I AM IN THE BLACK AND GETTING BETTER,MY WINNING % HAS GONE UP AND STILL CLIMBING.THIS BOOK IS WORTH THE RISK

I skimmed through this book and only read the sections that interested me. I've been studying DFS online for the past couple of months so a lot of the info I've come across before. Still, I was able to find some good nuggets of information in here. I can't speak on the half of the book that I didn't read, there could be some good info in those areas as well.

It's about time somebody writes a book about daily fantasy! I've always been an above average player but using these tips I'm cashing in more than ever. The site is also good if you haven't checked it out.

I'm just starting out in the daily fantasy sports area coming from season long leagues and this is just what I needed. Perfect easy read but with tons and great information

I had high hopes for this e-book (or should I say executive summary). Don't waste your money. Everything contained within can be learned in less than a week with some common sense internet research. God bless the author for cashing in.

This is awesome! I need this, because I just chose one entire team based on the bye weeks by accident instead of points, which I wasn't too sure about to begin with.

Written with the beginner in mind. No real advanced strategies. Still a decent read in you are just starting out in des.
