I have a thumb indexed hardcover version that I just happened upon at a Navy Exchange Store in California. When I bought it, I had no idea how much I'd use it. It has gone with me around the world on several different aircraft carriers, and has been used by me and my shipmates as we whiled away the hours at sea. Since then the book has gone out of print, and that is a tragedy! This book has to be the best of its kind. It's not as easy to use as some of the newer crossword dictionaries, but once you learn HOW to use it, there's nothing that even comes close to it in content. And it comes in handy as a regular dictionary when you come across a word or foreign phrase in a book or article that isn't in your standard dictionary. I've found information in this tome that I couldn't find anywhere else. If you love to read and/or do crosswords, this book is indispensable. My edition is still in fair shape, but I'd love to see a revised edition. What was Doubleday thinking when they stopped the presses?

Along with F. Forsyth in CA., my edition of The Master Crossword Puzzle Dictionary by Herbert M. Baus is getting old and USED! No other crossword puzzle dictionary even comes close to this monumental work. I would like to have a NEW and Revised edition, but I'll take whatever I can get. I'll even take two!

incredible source for resolving difficult crosswords..best resource on the market, bar none...wish the

publisher would do another printing...

It is a shame that Baus' book is no longer in print, as my copy is about to disintegrate. After trying just about all of the other such books, this one is still my favorite and I consider it to be head and shoulders above the competition.

Best dictionary I own not only for crosswords but for school papers, I would like to find it on a computer cd to go along with my New York Times puzzle site.

I purchased this book through from Midtown Scholar Bookstore in Harrisburg Penn. Their service was outstanding. The book was to replace one that I have more than overused in the past several years; one that was a gift to my husband from a dear uncle. Unfortunately, it is almost beyond repair. When I found this one described as "unread and unmarked, with some shelf damage to the dust cover" at \$12 plus shipping I grabbed it!! My husband had recently bought himself one through another online vendor - may have been ebay, for \$100 plus. My copy is every bit as good as his "new" one. It may qualify as a collector copy that some vendors are asking \$300+ for. Am I happy? You bet!!

The Puzzle dictionary wasn't what I was after. I wanted a small red dictionary that has so much more to offer and cannot find it. I gave the books to my local library. rather than sending them back.

This item was exactly as represented. I am quite happy with it. I watch a lot of British mysteries on Netflix. I saw the dictionary used and purchased this one to replicate what I saw in the mystery. Very nice.
