SCRABBLE Score & Tile Tracker

Synopsis

SCRABBLE fans will love these handy perforated scoresheets, which let them study their favorite matches over and over. It contains two-color grids for both two- and four-player games, with spots to note the letters you draw, the word you play, and your score. Later, players can look it over to see whether or not they made the best possible choice. There's also a full-color mini SCRABBLE board to write in plays, with all the possible tiles grouped below. This allows you to further analyze past competitions, while a tile tracker helps you keep track of which letters are left in the bag during and at the end of the game. A final section features wordlists based on the newly updated Fourth Edition of The Official SCRABBLE Players Dictionary.

Book Information

Paperback: 144 pages

Publisher: Sterling (October 1, 2007)

Language: English

ISBN-10: 1402750994

ISBN-13: 978-1402750991

Product Dimensions: 7.8 x 4.6 x 0.4 inches

Shipping Weight: 3.2 ounces

Average Customer Review: 4.4 out of 5 stars [See all reviews](#) (5 customer reviews)

Customer Reviews

I really only bought this for the 10 pages at the end that are great word lists. I love the two-letter word list that also shows you what letters can be added to the beginning or end of a word. There are also lists for the hard letters (J, Q, X, Z) and for if you have lots of vowels! If I run out of score sheets with my scrabble set then I will probably use the score sheets in this book.

I love the idea behind this score and tile tracker book. It provides plenty of pages to record Scrabble games and I imagine it will be quite some time before I need to purchase a new book for additional sheets (I'm a casual Scrabble player). While I love the ability to not only keep score, but track my rack and words played on one side of the sheet while notating the board on the back the spaces

provided to track the racks and words played are rather small. Unless you have very small neat handwriting recording the racks and words played may be difficult. However, the tile tracking portion at the bottom of the sheet is great and easy to use as you can just cross off each tile as it is played. I would recommend purchasing this if you're looking to start tracking tiles to improve your endgame strategy or if you're working on becoming a more competitive Scrabble player. This is also a helpful product if you've run out of, or misplaced, the scoresheets that came with your Scrabble game. The sheets are also small enough to include in the Travel Scrabble Folio Edition case.

I choose this five blue stars as I love it as well as I like to read this book to challenge on Scrabble games.

Excellent buy. The score pads can be used with other games, too.

good app. wish the dictionary would provide definitions of words as an option. also wish there were more than three levels.
