Best Sellers Rank: #1,583,547 in Books (See Top 100 in Books) #157 in [Books > Law > Family Law > Parental & Juvenile](#)

Customer Reviews

This book is one of the more wordy books I have ever read. The text is very dry yet informative. If you suffer from insomnia, this is one cure, I know it was for me. In all seriousness, this is a relatively good book, though I feel the newer version is a lot better.

I truly enjoyed the book, but also because of my course, it opened my eyes to topics I have never even heard of, had it not been for this book, I would've have the knowledge on juvenile justice that I know do.

I am a Criminology and Criminal Justice student finishing my sophomore year this month. I have taken 7 different CCJ classes so far, and this textbook ranks among the most dry, dull, and boring CCJ textbooks I have ever had the misfortune to read. Even my Criminal Law text was better than this book was. As the other reviewer expressed, the text is extremely wordy. I feel that the author could have simplified it somewhat--after all Juvenile Justice is a 2000-level class at my university; not a postgraduate class. The information contained in the book is not bad, but the subject could have been made so much more interesting, and the entire book could have been shortened by a couple hundred pages without too much important information being deleted. I've kept all my other CCJ texts for future reference, but this book went back to the bookstore for cash on buyback day.

Got a much better price than my son could have gotten at college. Even though there is a newer edition out, the college was asking over \$100 for it.

As with the other reviewers the book is extremely wordy. There are no color pictures and I thought I was reading an encyclopedia. Why my university decided to make this book the standard for the

juvenile course is bizarre. I fell asleep reading this book every time I looked at it. It just had too much information per chapter, just page after page of text.
