"BOOK DESCRIPTIONEdward's Twilight is a wickedly irreverent parody of Stephenie Meyer's Twilight, and is the first and only book to tell Edward's version of Twilight. Far more faithful to the original story than any other book, Edward's Twilight is the first true Twilight parody. Set in the eccentric town of Full Moon, Washington, the alternate universe of Twilight's Forks, and narrated by Edward Cullen himself in the voice of his alter ego, Edwin Dullen, Edward's Twilight entertainingly recreates Meyer&apos:s vampire tale as Edwin Dullen and girlfriend Jezebella Penguin perfectly and mercilessly spoof the wacky relationship between Edward Cullen and Bella Swan. Nothing is off limits as Edwin and Jezebella offer witty and critical commentary on Meyer's characters, writing, and all things Twilight.

### Customer Reviews

I knew this was a parody when I bought it, however I thought it would be a good parody. Turns out it's so silly I felt like I was wasting my time on this one. Seems to be from the point of a second grader and a vulgar one at that! Even 2.99 is too much for this book. Just say no. Just no

It was poorly written, the humor did not appeal to me and I, foolishly did not read enough of the reviews and description to know what I would be getting. Oh well, live and learn.

I know it's a parody but not a good one. I couldn't even finish the first chapter. Don't buy it.

This book was a disappointment, I agree that as a parody there were many parts that were clever and funny but I feel the author should have taken more time and didn't cop out with that ending.

That type of ending has been done to death and ruined the rest of the well written book for me.

If there was an option for 0 stars, I would a picked that. Awful book.. horribly written and cheesy. I only made it about halfway and that was more then enough. Chapter one you can tell it's ridiculously stupid. Waste of time that I won't get back.

It's silly and made me laugh, but I think the author tried to hard to make fun of an already easy

character to make fun of (not from the Twilight books(I loved the books), but the movies).

Horrible!! I enjoy, no I love, a good parody, but this does not even come close!! I couldn't get past page 29!

I bought the book before I realized it wasn't written by Meyer . Then I read the reviews and didn't like what I read. So I really haven't read it yet but then, I really don't like those types of books. I shouldn't have read more about it first. Live and learn. Now I make sure I read the samples and reviews before I buy.
