#### Customer Reviews

I am about a month into my 1L year and this book has been very helpful. The language is not dense and it gives a lot of good exercises in order to check your comprehension of the material. It has been a great companion to my legal practice course.

This is truly terrible book. Probably the only reason anyone buys this book is because it is assigned as a textbook. Poor structure and the instructions for the exercises are beyond vague and drift into the incomprehensible. If I could I would give this zero stars.

Excellent book. It is written in a straightforward way and the examples allow you to see what it has been discussed. Great writing. I am using it to write a memorandum for my legal research course and it has proved to be an excellent source.

itâ 's in good condition! I love it!

Great Product, Fast Shipping!!
