The book had a great mix of riddles, from easy to challenging. There are several additional clues on the more challenging ones so generally we could figure them out. (Or at least they made sense after the solution was revealed.) This has been fun at family events from ages 8_80.

Took this book on a 10 hour road trip with a car full of middle school girls (6 of them!) They took turns reading the riddles out loud to each other and (as of this writing) will still bring them up when they get together three weeks later. Very appropriate, never vulgar jokes. Just tough enough that the girls had to think hard to come up with the answers. Very witty, not impossible jokes.

Outstanding value for the money.

An actual riddle book- thoughtful and good for all ages. Isn't riddled with knock-knock jokes and

corniness that other "riddle books" usually contain

This book was full of interesting riddles and even helpful hints to assist in guessing. I would have given it a higher rating, but there wasn't as much content as I would have liked. Wish this book had double the riddles.

Highly recommend for all ages. The puzzles keep one's interest focused.

Ordered this for my son. We were looking for a real riddle book for quite a while and this one he loves! There are so many great riddles in it, I highly recommend this book for everyone who loves riddles.

I am a substitute teacher and I keep this in my bag of tricks! Kids love the riddles.

This book gets lots of smiles from our son. He's 7, and loves to unravel riddles and puzzles. This book was perfectly timed to keep him entertained for hours, and is appropriate for his developmental level.
