Buddha Discovery Deck: 53 Sutras And Meditation Cards To Create A Silent Space Within

Synopsis

We all carry within ourselves the potential to become a Buddha in our own right. This beautiful package, featuring 53 spectacular cards, mind-expanding sutras, and an accompanying guide are the keys to unlocking that power. They aid the process of awakening, of giving meaning and significance to our lives. Each gorgeous card features a photograph of a Buddha statue, a short quotation from the book known as the Dhammapada, and commentary on the sutra. Choose a card at the beginning of each week, and keep it with you always to refer to during the day to absorb its lessons. First, enjoy the words as poetry and allow them to evoke an intuitive, emotional response; with the help of the corresponding section in the book, the meaning will sink in. The enlightening sutras include: He Watches, He Is Clear; How Can You Quarrel?; Only Love Dispels Hate; Beyond Judgments; Neither Praise Nor Blame; Conquer Yourself; Beyond Sorrow; Awake Forever; and The Shining Way.

A wonderful introduction into a basic understanding of Buddha. The cards in this deck are great meditation tools - one for each week of the year. Osho brings a contemporary freshness and understanding to a special selection of sutras, taken from Buddha's main work THE DHAMMAPADA. I can recommend this title as a gift for the upcoming holiday season.

I love to use this deck - I draw a card to be my 'meditation' for the week. Each card has a nice

picture and a short inspirational phrase on the front. Then, on the back of the card is expanded text if I want more clarification on the inspirational phrase. And if I want more, there is a long text for each card within the book. I don't see the book as a text to be read cover to cover, but rather as a support for the deck of cards. Enjoy this for years, and it makes a wonderful gift for anyone interested in Buddha, Osho, enlightenment, peace, meditation and/or self-realization.

It is what it is. The deck holds true to its title and intent. It is the "Buddha Discovery Deck. 53 Sutras and meditation cards to create a silent space within". I have used it as it instructed me and I really like it. I take a card per week and I use it as a Gatha and I find lessons in it bring about great equanimity. Noting from what others have written, they seem to expect more. I think someone who is a serious student of Buddhism, may find it disappointing, because they are expecting something along their traditional training. I am a Westerner and have not had traditional Buddhist training. My recommendation, is to be open to what is there. If you are from a traditional Buddhist background, then open your mind to a different approach. May you all be well.

I am really enjoying these cards. I use one every day and it is informative as well as a meditation for the day. I would highly recommend these cards and actually anything by Osho. That man ROCKS!! (Even though he is no longer in body!)
