# Eye To Eye: Facing The Consequences Of Dividing Israel

## Synopsis

What do these major record-setting events have in common? &#x95; The ten costliest insurance events in U.S. history &#x95; The twelve costliest hurricanes in U.S. history &#x95; Three of the four largest tornado outbreaks in U.S. history &#x95; The two largest terrorism events in U.S. history

All of these major catastrophes and many others occurred or began on the very same day or within 24-hours of U.S. presidents Bush, Clinton and Bush applying pressure on Israel to trade her land for promises of "peace and security," sponsoring major "land for peace" meetings, making major public statements pertaining to Israel&#x92;s covenant land and /or calling for a Palestinian state. Are each one of these major record-setting events just a coincidence or awe-inspiring signs that God is actively involved in the affairs of Israel? In this book, Bill Koenig provides undeniable facts and conclusive evidence showing that indeed the leaders of the United States and the world are on a collision course with God over Israel&#x92;s covenant land. "And it shall come to pass in that day, that I will seek to destroy all the nations that come against Jerusalem" (Zechariah 12:9)

## Customer Reviews

I read this book prior to the massive hurricane that hit New Orleans and was in a wait and see mode. In the mean time, I took each of the dates of the events and did a stock market study to see what resulted financially. Amazing! In all but two of the events, the stock market dived! Then New Orleans blew apart just a week after we forced Israel to abandon the settlements in Gaza. This book is a must read for people who take Ezekiel's prophecies literally. Dr. Gerald Wheeler

This is a fascinating book that brings to life the evidence that is not only clear but fairly undeniable. One only has to look at the prophecy in Ezekial 38 and 39 to see that God certainly uses the "weather" to shake things up and put an end to anti-semitic/anti-Israeli behavior. It is very easy for a third or fourth party to say to someone 'give your land up to your certain enemy', especially when the third party has no vested interest. The blessed hope in the Faith and in this book is that one doesn't have to be a certain type of scholar to comprehend basic truth. They must simply look beyond a flat wall and see a vision of detailed structure. This book makes that very easy to accomplish.

Bill Koenig has done America a real service in putting together this documented and factual account of HOW GOD IS TRULY SHOWING HIS DISPLEASURE over "the parting of His Land" given to Israel, and JUST HOW SERIOUS GOD takes His Covenant with the Jewish people. Only the foolhardy would ignore the current events and the Biblical ramifications of what the author is bringing before the public regarding this highly explosive issue. - Here's the summary: GOD IS REAL, and you don't mess with His Covenant OR His people ! It is time for people to wake up as to what is REALLY happening. This book and Dave Hunt's JUDGMENT DAY, are most highly recommended reading.

When I wrote to the USA for Bill Koenig's book I knew I was going to receive a blessing! The author's spiritual perception intrigued me and often when cross checking his Scripture references I kept discover more "gold" in God's Word. Sad to say many Christians brush off the authors interpretation of the consequences of dividing the land of Israel. In the light of this unique book I can now understand why Britain no longer "rules the waves". Her treatment of the Jews and Israel has been a disgrace historically. Many nations are heading in the same direction! You can't play around with God! Israel is the apple of God's eye.

Excellent book showing God's warnings to America regarding our treatment of Israel. Please read if you love the U.S., Israel, and the city of Jerusalem. The author also has an excellent news site [...]for those interested. Pray for the peace of Jerusalem.

This book follows the history of Israel and the effects of this history on various nations and their leaders. His thesis, well researched, is that God watches Israel and all who interact with her. It is a point of view that most news persons never investigate or consider. The book underlines God's

promise to Abraham: to bless those who bless his seed and curse those who curse him.

This was my first exposure to the content that Koenig presents, and I'm rather impressed with the historical research he has put together. It's convincing, makes sense, and is clear. However, I suggest that the next time Mr. Koenig writes a book, please, please, please pay the money to have the book professionally edited. As an author myself, it was very hard for me to read page after page of misspelled words, typos, grammatical errors, poor verb agreement, and other such editing errors. It would really clean things up and make it easier to read. The content of the book and the historical facts allow it to have 5 stars.

The book starts with a lot of history and it seems that I keep picking it up when I am not 100% in the mood to learn history and that I have to keep going back over areas already read. This makes it hard to keep moving! I am enjoying learning about where we have come from and where we are headed. The book relates so much current information with the reality that if things do not change, then we are headed for a real eye opening on American soil. God bless you for reading this...it is time for America to open their eyes and understand truth.
