Bridge At A Glance

Synopsis

This has been the go-to quick reference booklet for thousands of Bridge players since it was originally published. Slim and portable, it offers concise summaries of a wide variety of bids and coordinates with Grant's Bridge Basics books. A color-coded Bidding Ladder indicates the meaning of bids, and tabs grant quick access to any of the topics. This revision adds four pages, providing expanded information and a handy new scoring chart.

Book Information

Paperback: 36 pages

Publisher: Baron Barclay Bridge; Expanded edition (May 18, 2014)

Language: English

ISBN-10: 0910791627

ISBN-13: 978-0910791625

Product Dimensions: 4.1 x 0.1 x 8.5 inches

Shipping Weight: 1.6 ounces (View shipping rates and policies)

Average Customer Review: 4.6 out of 5 stars [See all reviews](#) (320 customer reviews)

Best Sellers Rank: #4,562 in Books (See Top 100 in Books) #1 in [Books > Humor & Entertainment > Puzzles & Games > Bridge](#)

Customer Reviews

I have been summarizing bidding options for a quick review before a game in my computer. There is no longer a need this is a great reference. It also fits exactly in your convention card holder so that between rounds you can easily check up on something that you have a question about. Wonderful for the beginner or intermediate player. Advanced player would have too much ego to pull it out in public but get it for private review in the potty stall or at home because it is a great review. Great to have for at home rubber games with family or friends that are learning. Good gift for that partner that can't get on the same page with you. HaHa. Play more bridge and bid it up!!!

If you memorized everything in this concise pocket guide, you'd be a grand master at Bridge. It's well organized and easily understandable. Unfortunately, it is so cheaply made that it most likely will not last you very long with regular use. I'm throwing my copy away as it is now completely useless. All pages are torn down the middle, they are separated from the staples, and several pages are completely stuck together from a little bit of humidity. My advice - buy it, make color copies and refer to them rather than the guide itself, put the original on a shelf.

This is a very concise yet thorough review of bidding presented in a pocket guide. It is a must have for the novice to intermediate player who is still unsure of the bidding process. It also provides a quick summary for declarer play as well as defense play in a trump or no trump hand. I love it!!!! Highly recommended!

I have used this guide until it is so worn that I bought a replacement. It very closely follows the Audry Grant texts and is a good summary. A plastic coated version would be helpful. There is room to improve the organization of some information, but overall, it has been very helpful to this novice.

This is a great little book to have on hand when you are learning or relearning to play bridge. Clear and concise. Excellent learning tool.

I find this product helpful with learning how to bid while playing bridge. The product is well organized and the scale method is easy to follow.

Exactly what I expected. Takes a little while to learn how to read it.

As others have reported, the quality of the paper and binding does not appear to be particularly durable. However, the organization of the various conventions into graphics is quite good, comes quickly to hand and is extremely helpful when playing a practice hand. If you're learning the game, this is a great purchase. Just be careful when turning the pages.
