## Synopsis

In this decidedly unhelpful, candid, hilarious "how-to" guide, YouTube personality Miranda Sings offers life lessons and tutorials with her signature sassy attitude. Over six million social media fans can't be wrong: Miranda Sings is one of the funniest faces on YouTube. As a bumbling, ironically talentless, self-absorbed personality (a young Gilda Radner, if you will), she offers up a vlog of helpful advice every week on her widely popular YouTube channel. For the first time ever, Miranda is putting her advice to paper in this easy-to-follow guide, illustrated by Miranda herself. In it, you'll find instructions on everything: how to get a boyfriend (wear all black and carry a fishing net), to dressing for a date (sequins and an orange tutu), to performing magic ("Magic is Lying"), and much, much more! Miranda-isms abound in these self-declared lifesaving pages, and if you don't like it well, as Miranda would say "Haters, back off!"

I love this book! I love Miranda's videos (and Colleen's too!!) This book is full of hilarious, useless information as you would expect from Miranda. You can really tell how much work Colleen put into it though, she did an amazing job. 5 stars 

I read this book and am now a perfect person thanks to Miranda's advice. I have helped my self so good. If you already like Miranda and "get" her humor, then you will appreciate this book for what it is.

HONESTLY. One of the best books I've ever read. It's funny, witty, and full of Miranda. I'm more dedicated to reading this than I am to my books I have to read for summer reading! This book emits 'Miranda' and I'm happy I bought it. It came on the date the book was released, and I'll be going to her book signings :)

I loved it! If you're a Mirfanda you'll definitely enjoy this book. It's a quick read. I finished it in about 1.5 hours. I gave it five stars because I kept laughing throughout the book! I'm a much better person now with talent and a rich & famous bae. Thank you Miranda!

I read all the negative reviews AFTER I got the book. I agree with a few things; Miranda's videos are much better, but if you're a big Mirfanda you'll have fun with the book. As for the complaints about spelning errors etc. Really? The book patterned after Miranda's unique take on her own language, obviously some folks are not familiar with Miranda sings and therefor should not shoot her down for this. As for the book being inappropriate? I agree fully there are a few sections/pages that should have been omitted entirely considering the target audience is pre-teens, specifically the 4 pages on puberty which begin on page-60 (they come with a warning, but it's hard to take seriously because nothing is serious in this book). This crass stuff should have been left out, as should the page on wiping (page-155). Pages 60 thru 63 deal with porn as only Miranda can, and I agree it is not a good fit for those who have kids too young or at a level to deal with this topic, although it's handled in true Miranda style. If the age and level of awareness are right, it is very funny. These valid points stole the 5th star. You will enjoy the rest of it if you are a true Mirfanda. I recommend skimming it first! 10/23/15 Update: Finally got around to giving my daughter this book (note, she's 14 1/2). She does a very very good impression of Miranda Sings, she's reading the book in her Miranda Sings voice and I am rolling on the floor! Just a hint if you really want to ramp up the fun.

This is the best self help book ever. To get the most out of this book please drink high alcoholic beverages while reading. Okay, in all seriousness nowâ | This is a funny self help book. The intention of this book is to make you laugh and it definitely delivers on that part. When I bought this book I actually was not familiar with Miranda Sings. This is not a "serious" book, nor is it a "increase-your-IQ- book". This is a great book for when you've had a busy week and you just want to relax, and pour yourself a glass of wine, and just laugh. If you have a sense of humor, you'll love this book. If you have a stick up your butt, not so much.

I think it's pretty generous of Miranda to write a book to help the untalented, unattractive, unintelligent, and uninteresting. We may not ever be as perfect as Miranda (because she is the best), but now we can attempt to be less of a disgrace. Thanks!

So funny! Just got it like 30 minutes ago and I'm already on page 75! So far so good! I pre-ordered this back in Feb. or March and I was ecstatic to know it was coming soon!! Can't wait for what Colleen has coming up soon! Definitely recommend this book for a good laugh!!
