Go!Games Super Colossal Book Of Word Search: 365 Great Puzzles

Synopsis

Love word searches? Then try this super-duper colossal collection of 365 searches—a full year's worth of mind-melting puzzles that will (as a bonus) improve your vocabulary, too. Every page has TWO word searches on it, each with a cool theme, like "File Extensions" and "Fountains" or "Jelly Beans" and "Letter Order." See how many "Movie Stars" (Damon, Diesel, Streep) catch your eye or fun "Onomatopoeia" words you can circle—boom, buzz, clang, click, gurgle, hiccup, honk. Experts who want something really challenging will find what they want here, too. "Conifer" includes such tree names as bristlecone, loblolly, and tamarack, while "Quantum Mechanics" offers bosons, fermions, and isobar. And for something a little unusual, there's even a "Minnesota Zip Code" puzzle, where you look for groups of numbers. But the truly brain-busting ones come at the end of the book, when the puzzles veer from the standard to the really challenging, and some even have no word list at all. They're hard, they're tough . . . and they're wildly entertaining!

I bought this for my 85 year old Grandma for christmas. This and yarn. Boring, right? Wrong. My grandma is generally not that excitable, but I swear to you she went on for 10+ minutes talking about how amazing this word find is. She loves the themes and called it highly addictive, causing her to neglect housework and even stay up until midnight once circling away. It definitely was a little more expensive than some of the others out there, but according to my grandma, it's well worth your

money!!

This is a really nice word search book. The puzzles are not the most difficult to find words in but they do offer a challenge. The paper is pretty nice as well. Some word search books use paper that clogs pens. This one does not. I prefer pens to pencils.

This book is very thick and well built. The puzzles inside range from easy to harder. You have weeks and weeks of puzzles with this book. Endless fun!

Word search book is exactly what we have been looking for, it has a TON of word games in, Enough to keep you busy for a whole year!!! The book is sturdy and easy to read. Would recommend it to anyone!

Got it for a gift, and she uses it all the time. It's a nice size with great large dark print. Good Buy!

I bought this for my mother. She loves to do a lot of this word search games. She used to buy a lot of books of them. Most of them are small with few puzzles in it. With this my mother is going to be entertained for months. We are really happy about this purchase.

To be honest, I have expected some issues since it was my first time getting a hardware book from . I expected the pages to be folded and/or torn. Yet it was great! Here's the summary: Issues: None Packaging: Great packaging, no complaints Delivery: Delivered earlier than expected. Quality: High. Opinion: It's challenging, unlike most of the Word Search puzzles I find. Status: Pleased

It's good for the type book it is. I'm enjoying it while waiting on kids or for appointments.
