# Simon & Schuster Mega Crossword Puzzle Book #13 (The Mega)

## Synopsis

The classic crossword series returns with 300 never-before-published puzzlesIIn 1924, Simon & Schuster published its first title, The Cross Word Puzzle Book. Not only was it the publisherâ <sup>™</sup>s first release, it was the first collection of crossword puzzles ever printed. Today, more than eighty years later, Simon & Schusterâ <sup>™</sup>s legendary crossword puzzle book series maintains its status as the standard-bearer for cruciverbal excellence. This series continues to provide the most challenging, fresh, and original puzzles on the market. Created by the best contemporary constructorsâ "and edited by top puzzle master John M. Samsonâ "these Thursday to Sundayâ "size brain breakers offer hours of stimulation for solvers of every level. With hundreds of puzzles in one volume, the Simon & Schuster Mega Crossword Puzzle Book will test the knowledge of solvers everywhere. Can you avoid turning to the answer key? Sharpen your pencils, grit your teeth, and find out!

#### **Customer Reviews**

These are the only puzzles I've found that place the grid at the top of the page, thus giving the solver a platform for writing, rather than leaving one's hand in one's lap. I'll continue to use them until and unless another publisher wakes up to the comfort of the solver.

Overall, this continues to be great value for the money. Either I'm gettingsmarter or the less difficult

ones in this book aren't as challenging. That's the only reason for 4 stars instead of 5. Maybe I should give myself the 5th star, but still stay humble.

This collection of crosswords contains a variety of puzzles. Some are easier, but not too easy, and others are more challenging. This is one of the best collections I've tried. Will Shortz collections are also some of my favorites. I highly recommend both.

I have been getting this series of crossword puzzle books for a few years now. The themes are fun and the print and font are easy to read. love the perforated pages too!

if you like stupid puns, this is the book for you--lots of "variant" spellings and cute puns but very little intelligence... and some of the "variant" spellings really don't exist in English--they're just a way of making a lazy crossword writer's job easy. As for the accuracy of the clues, they often only apply to the definition of the words in the most tangential way.

However, it is not at the difficulty level I was expecting. I'm going through it way too fast. I have subsequently ordered what I hope are higher difficulty books and expect to receive them any day now.

I order the books in this series for my husband who is a crossword puzzle nut and he loves them. The pages have perforated edges at the spine which make them easy to tear out and carry with him. He works 3 or 4 puzzles a day, so the size of the book is good. Delivery was fast and the experience was another positive one.

I have not used this Simon & Schuster Mega Crossword Puzzle Book #13 yet, but the books in this series are my favorite ones. This one in particular has large spaces to write in, is easier to read, and has perforated pages. These puzzle books contained enough puzzles to keep me busy for a long time. Many of them (this one included) contain 300 puzzles. I'm an avid crossword puzzler who solves several every day. This one is not impossibly difficult and not too easy.
