Imagine sitting in a Scottish pub before a roaring fire, listening to an old bearded fellow smoking a pipe spin a tale about the castle on the hill. If you are unable to travel to Scotland to listen to the stories or explore the castles, simply open Brian Mack's "Scotland Castles and Clans: the Legends." This striking book will transport you there through the magic of Brian's words and Karol Mack's vibrant color paintings. For more than a decade, Brian toured castles in the Scottish Highlands and Lowlands and gathered tales and legends and stories. He distilled his research and selected 36 castles to feature in his book, 18 in the Highlands and 18 in the Lowlands. A map at the beginning of each section shows each castle's location. Karol Mack's wonderful paintings draw the eye, beginning with Castle Stalker on the cover. Black and white photos complement the paintings and

give the reader a flavor of the landscape surrounding each castle. A sidebar accompanies each castle description and lists a timeline of important events. Also, Brian explains which clan occupied the castle and gives a brief history. This is fact. First and foremost, Brian is a historian. But he is also a wonderful writer. What makes this collection unique are the stories that surround each castle. Relying on each castle's legends and tales, Brian tells stories that transport the reader to another place and another time. For instance, enjoy the Legend of Glamis Castle, a tale about Thomas Bowes-Lyon. His tombstone states that he lived and died the same day. Father Jacob met Thomas ten years after his "death" in a prison cell hidden in the depths of the castle away from human eyes and...well, you get the idea.
