# Readings & Cases In Information Security: Law & Ethics

## Synopsis

READINGS AND CASES IN INFORMATION SECURITY: LAW AND ETHICS provides a depth of content and analytical viewpoint not found in many other books. Designed for use with any Cengage Learning security text or as a standalone professional reference, this book offers readers a real-life view of information security management, including the ethical and legal issues associated with various on-the-job experiences. Included are a wide selection of foundational readings and scenarios from a variety of experts to give the reader the most realistic perspective of a career in information security.

## Customer Reviews

I enjoyed reading this book, but I felt that it lacks practical and real world examples. Literature used in this book is heavy and it's not very pleasant to read.
