# A New Way To Win: How To Resolve Your Child Custody Dispute Without Giving Up, Giving In, Or Going Broke

## Synopsis

This book reveals what many family law attorneys would rather you didn't know: that you can end your custody battle without giving in, giving up or going broke. It contains insider tips that will show you how you can save thousands of dollars, improve your relationship with your kids, sleep better at night, and put the family law courts behind you. Drawing upon years of experience as a mediator, co-parenting trainer, and therapist specializing in separation and divorce, Mr. Desjardins introduces parents, step parents, and grandparents, to the tools that millions of people around the globe are using to resolve their co-parenting problems. If you are recently separated or divorced and want to avoid getting into a custody dispute in the first place, this book will help you do just that. If you are already in a custody battle and have tried everything you can think of to help the kids win, but have failed, this book is for you. All of the proceeds from this book are being donated to the non-profit International Center for Peaceful Shared Custody in support of its goal of building a global community of parents helping parents through separation and divorce. With an easy-to-read writing style, Mr. Desjardins makes a convincing case for winning a decent parenting arrangement after a divorce. I'm a family law attorney who agrees completely with his strategy.

-Bill Eddy, LCSW, CFLS, Attorney, Mediator, & author of High Conflict People in Legal Disputes

This book could save you a bundle in attorney's fees--enough to send your kids to Harvard! This book is a must read.

-Dr. Elizabeth Roberts, Child Psychiatrist, & author of Should You Medicate Your Child's Mind?

If you want to minimize the risk factors for your children during divorce, A New Way to Win should be high on your reading list.

-Forrest S. Mosten, adjunct professor of Law, UCLA, and author of Collaborative Divorce Handbook

A NEW WAY TO WIN is a breath of fresh air in the field of custody mediation. As relationship counselors for 35 years, Kathlyn and I have seen every way imaginable that divorcing parents can do custody disputes painfully. Now, with Tobias Desjardins new book, they have a guidebook and map to make this journey friendlier for all concerned. We recommend A NEW WAY TO WIN highly.

-Dr. Kathlyn and Dr. Gay Hendricks, authors of Conscious Loving and Five Wishes

This well-organized and comprehensive book is a consumer's guide to the alternatives available to parents who want to avoid fighting in court.

-Matthew J. Sullivan, Ph.D., parenting coordination expert and author.

Clearly written and process oriented, the book provides an outstanding resource for parents.

-John N. Hartson, Ph.D., author of Creating Effective Parenting Plans: A Developmental Approach for Lawyers and Divorce Professionals.

## Customer Reviews

I think a lot of times people get caught up in the emotions of child sharing, and forget about doing things in a level-headed manner. This book gives you an idea of what to do, how to save some money, and make sure you are doing it for the right reason. Kids shouldn't be pawns to get back at each other. However, if you really feel your child is being harmed emotionally or physically, then it is best to be armed with doing things the right way.

This may be a good resource for those looking to re-evaluate your own motives and put your children first. If you've already done (or are doing) that very hard work with a therapist and self-reflection, this book won't really be of much help in dealing with a truly manipulative, narcissistic ex-spouse or co-parent. If what you need to do is accept the things you cannot change, this book is helpful. If you are one of the unfortunate folks who is in a situation in which you really need to fight for your kids' well-being, this will leave you wanting.

This book is a "Gold Mine" of information for any person who wants to know "How to Resolve Your

Child Custody Dispute Without Giving Up, Giving In, or Going Broke". It is easy to read and very informative. Every chapter gives you new useful information, good advice, and several referrals to books or websites that explain more about each subject. After a two-year custody battle, after getting over depression, and filing for bankruptcy, I can finally see the light at the end of the tunnel for my horrible divorce. I wish I had this book two years ago.

good information, helpful and realistic. It does not help much when you have a high conflict case which is what I was looking for

These guys need to try living in the real world. This stuff sounds good, but does not work. It makes you look weak. Stand your ground and try to be fair, and look for better help than this book.

Awesome book. The author is very positive and helps you to see the true meaning of "in the best interest of the child".
