Customer Reviews

This book is totally x-rated so it's not for the kiddies. I ordered this from .com and sent it to someone who's deployed overseas. I have to say that he, and all of his team have gotten a huge kick out of this book! They've even come up with a board where they post a new "word of the week" every Tuesday and the rule is they have to use the word every day. He showed us his "first word" during a video chat and my boyfriend and I could NOT stop laughing. I thought it would be a neat little gift to lighten the spirits of some soldiers who are in harms way and stressful situations daily. If you need a good laugh, and don't mind being a little dirty, then I highly suggest this book!

I know not everyone has a childish sense of humor, but if fartwaffle and titjacket don't absolutely make you fall down laughing, you're missing one of life's simplest pleasures.

My 16 year old daughter and I saw this book at a local store and we both thought it was hilarious. I

laughed so loud I embarrassed my daughter because everyone in the store heard me. Definitely a fun book to share with a group -- but definitely not with small children present; remember the title is Creative CURSING. Book was cheaper at than in store.

So awesome! Perfect for myself and friend with a vulgar sense of humor. There are obviously bad words in it.... Like body parts and cuss words. Here are a few names you can come up with in this book- douche face, piss wad, crap sniffer,... And those are the less vulgar ones!

I purchased this book along with "Creative Cussin". Both of these books are BRILLIANT. Hats off to the gifted authors! I am a high school teacher and brought this to work. NO, I do not let my students see it (sometimes a bit too graphic for them)! However, I have used a few of the cleaner ones for the class--the kids crack up! Recently I took it to a faculty meeting, and needless to say, it had everyone (administrators included) ROLLING on the floor with uncontrollable laughter. I will be purchasing about fifteen of these (no kidding) for Christmas gifts to various teachers and administrators on campus. Everyone who has seen this book immediately falls in love with it. This would be an OUTSTANDING book/gift for high school or middle school teachers (they tend to have a more twisted sense of humor than elementary school teachers).***WARNING*** DO NOT PURCHASE THIS BOOK IF YOU FIND ANY CURSE WORDS OFFENSIVE. This book does indeed get VERY VERY graphic if you happen to flip to the wrong (right?? LOL) pages. I've even cringed at a couple of them, and it's close to impossible to offend me. Again, best book ever.

I bought this book for a white elephant party. When I opened it up, I was a little disappointed to see that you have to put the book together by yourself. There are two sides of flip pages that are wired together, but I am still physically trying to put the flip pages into it's hardback cover. It's nearly impossible. What a pain. If I had known it would be this difficult, I would have ordered something else. It's funny, if you're ok with swear words and insulting name-calling as a joke. I am, and so are the people at this white elephant party. Now, if I could only get this stupid thing put together.

I keep it on the kitchen counter with post-its for everybody in the family. So each day we have "Danielle's word of the day", "Mom's word of the day", etc.

Like I just said, hilarious. Great for when you've exhausted your current swear vocabulary and need to add to it.
