Fr. Valladares, an Australian priest of Indian heritage, has done a priceless favor for US priests especially by publishing this book! He saw the scandalous way priests were being treated by their bishops when falsely accused of any kind of sex abuse--these priests were provided no legal counsel, were not allowed to meet their accuser (required by canon law for any type of accusation!), & basically "thrown under the bus" to protect the bishops! He clearly presents the pertinent canons in the 1983 Code of Canon Law so every priest knows their rights if/when they are accused of any type of transgression. These days of priestly persecution in the US, this is ESSENTIAL, REQUIRED KNOWLEDGE that every priest should be able to readily lay their hands on. In our archdiocese of St. Paul-Minneapolis today, many priests are being "flagged" by the Kinsale Group for extremely frivolous accusations that have laid dormant in their personnel files for years without the priests' knowledge. These accusations do NOT involve any kind of sexual impropriety & never should have been put in a priest's file. But, canon law was deliberately not followed by the bishops. This is a deliberate, well-planned scheme to destroy some priests who are not politically correct!! I've bought two copies of this book that are making the rounds of priests; I will purchase several more to distribute. Extremely helpful to falsely accused priests. Now, if only God would purge the Church of

evil bishops who seek the Church's destruction!!

Father James Valladares is highly qualified on so very many levels to write this erudite yet enthrallingly written presentation on procedural justice for priests, who, like anyone else, as he insists, are to be considered innocent until proven guilty in the face of whatever allegations. Most priests know nothing of procedural justice. Any priest can be falsely accused at any time by anyone for any reason or none. Get this book for your priests, especially if you think that they are the last ones in the world who would ever get accused. All priests are prime targets of false accusations. To repeat: if you are grateful to have priests, get all the priests in your life this necessary book. It will open their eyes and yours, and change the culture of injustice. You can find out so much more for yourselves about Father James and this book by googling, in quotation marks - "fr james valladares may truth and justice prevail" -You'll find yourself on the blog of Father Gordon MacRae: These Stone Walls. Father MacRae's case is to be found everywhere in this book of Father James Valladares. So, make sure to click on the "About" page on the top menu of These Stone Walls so you know what inspired Father Valladares to spend part of his life writing this book. Full disclosure: If you want to verify where I stand in all of this, you can easily find my own guest post on These Stone Walls by googling, in quotation marks - "fr george david byers when jesus was in prison" -Have a good read!
