What BarCharts are NOT: a comprehensive study guide. You cannot do well on a law school exam or bar exam relying solely upon BarCharts. That is not their purpose. What BarCharts ARE: a condensed overview of the black letter law. Use them as a quick reference to understand the material during the semester. Use them as a REVIEW of the material you (should) have already studied for the exam. In law school, BarCharts were the last thing I skimmed over before taking an exam. It's a good refresher. Same with the bar exam. I skimmed over my BarCharts both nights before the exam.

A very handy quick reference guide for wills and trusts. However, it should be kept in mind that a poster like this is only meant to provide it's owner with a very brief summary of Estate Law and that the guide is by no means complete.

A quick online review shows a number of issues: 1. No apparent copyright date visible. 2. Conflicting info. with other, more thorough information (e.g., "Trustee -- A.1: "Sole trustee cannot be sole beneficiary..." which contradicts e.g. NOLO information, etc. 3. Poor edit for typos implies it's not thoroughly vetted ("breech" instead of "breach", etc.).

so, the only complaint i have is that the chart is 3 hole punched, which means the lamination is breached in those 3 spots... and the very first night i set in on the kitchen table for my review and a glass of water got knocked over and before i could react the water seeped in thru those 3 holes.... not completely ruined but disappointing.

There is some contradictory info found on this very same sheet! Also a lot of the info becomes quickly outdated and it would have been good to see an indication of when new numbers may become available or where we can go to find them.

Wasn't exactly what I was looking for as it was a little too legal. I thought it was going to be a layman's description of what things you need to think about when developing a strategy for a will.

Really helpful in prep the week before classes- now I have a basic concept of all the vocabulary and concepts before I even start the readings and know what to look for!

Good for intro principals.
