Race And Politics In The Dominican Republic

Synopsis

Ernesto Sagás examines the historical development and political use of antihaitianismo, a set of racist and xenophobic attitudes prevalent today in the Dominican Republic that broadly portray Dominican people as white Catholics, while Haitians are viewed as spirit-worshipping black Africans. More than just a ploy to generate patriotism and rally against a neighboring country, the ideology also is used by Dominican leaders to divide their own lower classes. Sagás looks at the notions of race held by Dominican elites in their creation of an imaginary "white" nation, particularly as the ideas were developed throughout the colonial era, then intellectually refined in the late 19th century, and later exalted to a state ideology during the Trujillo era. Finally, he examines how race and nationalist anti-Haitian feelings still are manipulated by conservative politicians and elites who seek to maintain the status quo, drawing on examples from recent political rhetoric and cartoons, campaign advertisements, and public school history textbooks. The first book-length study of antihaitianismo, this work offers important lessons for studying racial and ethnic conflict as well as nationalism and comparative politics.

Book Information

Paperback: 192 pages

Publisher: University Press of Florida; 1st edition (April 21, 2000)

Language: English

ISBN-10: 0813025699

ISBN-13: 978-0813025698

Product Dimensions: 6 x 0.4 x 9 inches

Shipping Weight: 8 ounces (View shipping rates and policies)

Average Customer Review: 3.5 out of 5 stars [See all reviews](#) (2 customer reviews)

Customer Reviews

This is one of the greatest books ever written on anti-Haitianism in the DR. Every single sentence in Sagas' book is impactful. He is one of the few writers that is willing to tell the cold-hearted truth about Dominicans that Dominicans refuse to believe about themselves. As an Afro Dominican woman this book clarified my people for me like no other book ever has. Sagas rightfully shows that

the Trujillo regime is to credit for reviving anti-Haitian sentiment amongst Dominicans. He also shows that Dominicans are indeed in denial of their blackness and therefore need to stop the foolishness. I recommend this book to anyone wishing to study geopolitics, transnationalism, immigration, anti-blackness, and black on black racism in the Caribbean.

Race and Politics in the Dominican Republic This was a very difficult book to read. Almost after every sentence there was a reference as to where the author had read that fact or had quoted it from.
